Please find below and/or attached an Office communication concerning this application or proceeding.

Response to Amendment

1. The reply filed on 25 March 2005 is not fully responsive to the prior Office Action because it is unsigned (See enclosure 1). Since a proper response has not been received to the letter dated 2 March 2005, the time of response is still based on this date of 2 March 2005. Extensions of time will be required in submitting a proper response since 30 days have passed since the date of 2 March 2005. For example a proper reply received by the USPTO by 2 May would require a petition of an extension of time of 1 month with the associated fee and a proper response (i.e. signed). A reply received by the USPTO between 2 May and 2 June would require a signed petition for an extension of time of 2 months with the associated fee and proper response.

The instructions has to how respond extend the period of reply can be found in article 710.02(e) of the Manual of Patenting Examining Procedures (MPEP) found at the website (<http://www.uspto.gov/web/offices/pac/mpep/index.html>). The fees required for an extension of time can be found at the website

(<http://www.uspto.gov/web/offices/ac/qs/ope/fee2005mar15.htm>) under 37 CFR rule

1.17(a). Forms for extension of time can be found at website (<http://www.uspto.gov/web/forms/index.html>). If the applicant wants the date to count when the response is placed in the mail a certificate of mailing must be made in accordance with chapter 512 of the MPEP. A Certificate of Mailing form can be found by going to PTO/SB/92 at <http://www.uspto.gov/web/forms/index.html>.
